

**U.S. DEPARTMENT OF TRANSPORTATION
ALCOHOL TESTING FORM**

Federal Transit Administration — 49 CFR Part 655 / 49 CFR Part 40

Employer copy — retained by Alder Creek Transit District, Office of Compliance & Safety Assurance

Form control no.: ACTD-DOT-ATF-2025-1018-0417

Report finalized and filed: 10/20/2025

STEP 1 — EMPLOYEE IDENTIFICATION (to be completed by employee)

Employee name (printed)	Raymond T. Keeler
Date of birth	04/11/1979
Employee ID / Badge no.	ACTD Badge #4417
Employee CDL class / endorsement	Class B commercial; passenger endorsement
Employee signature	(see Step 4 — refusal to sign box <i>UNCHECKED</i> ; employee signed at 04:32 a.m., 10/18/2025, in custody at Rivergate Police Department)
Employer name	Alder Creek Transit District ("ACTD")
Employer DOT operating administration	FTA (Federal Transit Administration) — 49 CFR Part 655
Employer address	1200 Alder Creek Way, Rivergate, CA 91766
Employer designated employer representative (DER)	M. Okonkwo, Director of Safety
Employer telephone	(626) 555-0100

Reason for test (check one — one only):

☐ Random	☐ Reasonable suspicion	☐ Post-accident (49 CFR § 655.44)
☐ Return-to-duty	☐ Follow-up	☐ Pre-employment

STEP 2 — BREATH ALCOHOL TECHNICIAN (BAT) IDENTIFICATION

BAT name (printed)	Rachel Ngo
BAT certification no.	BAT-4471
BAT certifying course / training authority	DOT-approved BAT course, 49 CFR § 40.213; refresher current within 5-yr cycle
BAT employer	ACTD Office of Compliance & Safety Assurance
Collection site	Rivergate Police Department — Traffic Investigations Division, secure processing suite (Room 114-A), 300 Rivergate Plaza, Rivergate, CA 91766
Basis for on-site (non-ACTD) collection	Employee already in law-enforcement custody following arrest at 02:35 a.m. on 10/18/2025; BAT deployed to LEA processing suite by coordination between ACTD Compliance and Rivergate PD watch commander to preserve the 8-hour post-accident testing window under 49 CFR § 655.44(b)(1)(ii). Access to employee, testing area, and screen/confirmation observation coordinated through RPD Officer R. Delacruz (Badge #2814).

STEP 3 — SCREENING TEST

Evidential Breath Testing (EBT) device:

EBT make/model	Intoximeters Alco-Sensor IV-XL (DOT Conforming Products List, National Highway Traffic Safety Administration, current at test date)
EBT serial number	ASIV-XL-73142-KN

EBT firmware / software version	v3.6.2
Calibration verification — last external calibration check on this device	10/03/2025 (within 30 days pre-test), passed at 0.040 g/210L target ± 0.005 , actual reading 0.041 g/210L; log entry ACTD-CAL-2025-10-03-ASIV73142
Calibration verification — on-site pre-test air-blank	0.000 g/210L (04:07 a.m., 10/18/2025)
Calibration verification — on-site pre-test cal check (0.040 g/210L target)	0.040 g/210L (04:08 a.m., 10/18/2025), within tolerance

Screening test administration:

Employee observation period (15-minute pre-test, § 40.241(b))	Began 03:55 a.m.; concluded 04:10 a.m.; observed continuously by BAT Ngo; employee did not eat, drink, smoke, belch, or place anything in the mouth during the period
Time of screening test	04:10 a.m., 10/18/2025
Screening test result	0.098 g/210L
Sequential test number printed by EBT	002417
BAT initials at screening	R.N.

Because the screening test result was 0.02 g/210L or greater, a confirmation test was required per 49 CFR § 40.251(b) and § 40.253.

STEP 4 — CONFIRMATION TEST

Per 49 CFR § 40.253, the confirmation test was conducted on the same EBT after a minimum 15-minute waiting period following the screening test, during which the employee was continuously observed by BAT Ngo and did not eat, drink, smoke, belch, or place anything in the mouth.

Confirmation administration:

Confirmation-test EBT serial no.	ASIV-XL-73142-KN (same device)
Confirmation-test pre-test air-blank	0.000 g/210L (04:24 a.m., 10/18/2025)
Waiting period start	04:10 a.m.
Waiting period end	04:25 a.m.
Time of confirmation test	04:25 a.m., 10/18/2025
Confirmation test result	0.100 g/210L
Sequential test number printed by EBT	002418
BAT initials at confirmation	R.N.
Printed result tape affixed to form?	Yes (two-copy EBT thermal printout, screening + confirmation, sequential numbers 002417 and 002418, both bearing device serial ASIV-XL-73142-KN)

Employee behavior during confirmation: cooperative; no refusal; no attempt to obstruct sample; adequate breath sample delivered on first attempt.

Employee signature block: signed R. T. Keeler, 04:32 a.m., 10/18/2025.

Refusal-to-test box: UNCHECKED (not a refusal under § 40.261).

STEP 5 — CHAIN OF CUSTODY (BAT / RPD COORDINATED)

Because the employee was in law-enforcement custody at the time of the DOT test, custody of the employee (as the source of the breath specimen) and custody of the test record were coordinated as follows:

Time (10/18/2025)	Custodian	Event
02:35 a.m.	Rivergate PD (Officer R. Delacruz, Badge #2814)	Employee arrested at collision scene, South Main Street & Third Avenue, Rivergate
03:40 a.m.	ACTD Compliance duty desk	Post-accident test dispatch initiated; BAT Ngo assigned; coordination call placed to RPD watch commander
04:02 a.m.	BAT R. Ngo (arriving at RPD suite Room 114-A)	Signed in through RPD visitor log entry #10-18-0402; escorted to processing suite; identity of employee confirmed against ACTD photo-badge record and RPD booking sheet
03:55 – 04:10 a.m.	BAT R. Ngo	15-minute pre-test observation of employee, continuous
04:10 a.m.	BAT R. Ngo	Screening test administered — result 0.098 g/210L (Step 3)
04:10 – 04:25 a.m.	BAT R. Ngo	15-minute post-screen observation of employee, continuous
04:25 a.m.	BAT R. Ngo	Confirmation test administered — result 0.100 g/210L (Step 4)
04:32 a.m.	BAT R. Ngo	Employee signature obtained (Step 4); BAT signature affixed (Step 6)
04:45 a.m.	BAT R. Ngo → RPD evidence intake	Copy of completed form and duplicate EBT tape released to Officer Delacruz for inclusion in RPD investigative packet per coordinated-custody protocol; ACTD-Compliance-retained originals sealed in tamper-evident envelope no. ACTD-TE-2025-1018-04417
06:10 a.m.	ACTD Compliance secure intake, 1200 Alder Creek Way	Sealed envelope logged in; envelope integrity intact; placed in Compliance safe pending DER review
10/20/2025	M. Okonkwo, DER	Form reviewed, dated, and filed as report of record

Employee remained continuously in RPD custody throughout the observation, screening, and confirmation intervals; at no point was employee outside the physical presence of either BAT Ngo (for testing purposes) or RPD custody staff.

STEP 6 — BAT CERTIFICATION AND SIGNATURE

I certify that I am a Breath Alcohol Technician trained and qualified under 49 CFR § 40.213; that the device identified above is on the NHTSA Conforming Products List for evidential breath testing and had a passing external calibration check within 30 days prior to this test; that I performed the screening test at 04:10 a.m. on 10/18/2025 and the confirmation test at 04:25 a.m. on 10/18/2025 in accordance with 49 CFR Part 40, Subpart M, and Part 655; that I continuously observed the employee for the pre-test 15-minute period and the between-tests 15-minute period; and that the readings recorded above (0.098 g/210L screening, 0.100 g/210L confirmation) are as displayed and printed by the EBT.

BAT signature:	Rachel Ngo — /s/ Rachel Ngo
BAT printed name:	Rachel Ngo
BAT certification no.:	BAT-4471
Date/time signed:	10/18/2025, 04:32 a.m.

STEP 7 — DESIGNATED EMPLOYER REPRESENTATIVE (DER) RECEIPT

Received by ACTD Office of Compliance & Safety Assurance and reviewed for completeness under 49 CFR § 655.53.

Reviewer:	M. Okonkwo, Director of Safety (DER)
Reviewer signature:	/s/ M. Okonkwo
Date reviewed / filed as report of record:	10/20/2025

Distribution:

- Original — ACTD Compliance file, Employee Testing Record, Keeler, R. T. (Badge #4417)

- Copy — ACTD Human Resources / Employee Assistance Program referral file
- Copy — ACTD General Counsel (D. Farkas)
- Copy — Rivergate PD investigative packet (per coordinated custody, Step 5)

Retention: 5 years from date of test per 49 CFR § 655.71(a)(1) (post-accident test with result 0.02 g/210L or greater).
