GOVERNMENT CLAIM

ACTD ORIM-001 (Rev. 03/24)

INCIDENT LOCATION

Southbound South Main Street at Third Avenue, Rivergate, County of Los Angeles, California — aboard ACTD bus #4177 operating Owl-service Route 512, at and immediately north of the northbound bus stop on Main Street just north of Third Avenue.

SPECIFIC DAMAGE OR INJURY DESCRIPTION

Claimant sustained the following injuries as a proximate result of the collision:

- Closed displaced fracture of the right tibia and fibula, treated with open reduction and internal fixation (ORIF) surgery;
- Grade 2 concussion / mild traumatic brain injury with brief loss of consciousness;
- Associated soft-tissue injuries, contusions, and abrasions;
- Post-operative pain, immobilization, and functional impairment of the right lower extremity;
- Four (4) days of inpatient hospitalization; approximately eight (8) weeks of work and school-clinical restrictions;
- Ongoing physical therapy, orthopedic follow-up, and residual scarring at the surgical site.

Special damages (medical expenses, lost earnings/earning capacity) and general damages (pain, suffering, disfigurement, loss of enjoyment of life) are ongoing and continuing as of the date of presentation. All bills, records, and wage documentation will be produced upon request.

CIRCUMSTANCES THAT LED TO DAMAGE OR INJURY

On the early morning of 10/18/2025 at approximately 02:05 a.m., claimant was a fare-paying passenger aboard an ACTD Owl-service bus (Route 512, bus #4177) operated by ACTD employee Raymond T. Keeler. Mr. Keeler was on-duty and had clocked in at approximately 22:00 the previous evening (10/17/2025). While operating the bus on South Main Street approaching Third Avenue, Mr. Keeler — who was intoxicated by alcohol and impaired — lost consciousness at the wheel, allowed the bus to leave its travel lane, struck a City of Rivergate street-light standard on the west side of South Main Street, and continued off-course before coming to rest. Claimant was thrown from her seat and injured as described above. Mr. Keeler was arrested at the scene at approximately 02:35 a.m. A roadside preliminary breath test and subsequent certified evidentiary blood draw confirmed alcohol intoxication.

EXPLAIN WHY YOU BELIEVE THE PUBLIC ENTITY IS RESPONSIBLE FOR THE DAMAGE OR INJURY

ACTD is vicariously liable under the doctrine of respondeat superior and Gov. Code § 815.2(a) for the tortious acts of its employee committed in the course and scope of employment. Mr. Keeler was on-duty, in uniform, driving an ACTD-owned bus in revenue service, on an ACTD-assigned run (Owl Route 512), when he negligently and unlawfully operated the vehicle while under the influence of alcohol (Veh. Code §§ 23152(a), (b); 23153) and lost control. ACTD is further directly liable for negligent hiring, training, supervision, retention, and monitoring of Mr. Keeler as its operator, including failures under its Federal Transit Administration-mandated drug- and alcohol-testing program (49 C.F.R. Parts 40, 655) and its DMV employer pull-notice program. As a common carrier (Civ. Code §§ 2100–2101), ACTD owed claimant the highest degree of care consistent with the practical operation of its conveyance and breached that duty. ACTD is also liable for the acts and omissions of its dispatch, supervisory, and safety personnel to the extent they permitted an unfit operator to remain in service. All applicable statutory bases for public-entity liability are asserted.
