Re: Demand for Reimbursement — Damage to City Street-Light Standard at S. Main Street and Third Avenue

Date of Loss: 10/18/2025, approx. 02:05 a.m.

Responsible Vehicle: ACTD Bus #4177 (Owl service, Route 512)

City File No.: RVG-CLM-2026-0007

Supporting Invoice: RVG-PW-2026-00218 (enclosed)

Dear General Counsel Farkas and Mr. Espinoza:

The City of Rivergate (“the City”) hereby demands reimbursement from the Alder Creek Transit District (“the District”) in the amount of **\$48,500.00** for damage to City-owned street-lighting infrastructure caused by District Bus #4177 on **10/18/2025** at the intersection of South Main Street and Third Avenue in downtown Rivergate.

1. Incident

At approximately 02:05 a.m. on 10/18/2025, District Bus #4177, operating in Owl service on Route 512, departed the northbound travel lane on South Main Street and struck the City-owned street-light standard (luminaire designation SL-M-0312) at the northeast corner of the intersection with Third Avenue. The impact severed the pole at its anchor base, destroyed the mast-arm LED luminaire, damaged underground feeder conduit and wiring, and interrupted service to the intersection lighting circuit, leaving the intersection dark until temporary lighting could be mobilized. The Rivergate Police Department documented the collision as RPD Case No. TC-2025-1018 (Officer R. Delacruz, Badge #2814), which is incorporated by reference.

2. Items of Damage and Cost of Repair

The City, through its Department of Public Works — Street Lighting & Traffic Signals Division, performed the emergency response, temporary lighting deployment, and full restoration of the affected assets between 10/18/2025 and 01/22/2026. The itemized cost of repair, in the total amount of \$48,500.00, is documented in enclosed Invoice RVG-PW-2026-00218 dated 02/01/2026, and consists of:

Item	Component	Amount (USD)
a.	Replacement steel light standard (30 ft galvanized, decorative Rivergate downtown series, anchor-base mount)	12,800.00
b.	Replacement LED mast-arm luminaire (175W cobra-head, 4000K, Type III, with photocell)	3,450.00
c.	New underground wiring conduit (45 LF 2" Sch. 40 PVC, sweep elbows, pull box PB-17, saw-cut/trench/backfill/pavement patch)	6,200.00
d.	Restoration of power to fixture (3/C #6 AWG cable pull, splice at feed point, panel reconnection at cabinet SL-M-03, continuity and megger testing, energization)	2,400.00
e.	Labor — Street Lighting Electrician (Journey-level and Apprentice, 112 labor-hours including night-shift response, foundation demolition and recasting, pole erection and dressing)	9,850.00
f.	Temporary lighting (diesel/LED portable light tower staged at intersection 10/19/2025 – 01/22/2026, 96 days, incl. fuel and daily inspection)	2,800.00
g.	Traffic-control setup (MUTCD-compliant lane closure, cones, barricades, arrow board, certified flaggers)	5,700.00
h.	Engineering inspection (structural review of anchor-bolt shear and foundation integrity; post-installation electrical inspection and as-built certification)	5,300.00
Total Demand		\$48,500.00

The City has invoiced no markup, overhead loading, or administrative fee above direct cost of repair.

3. Procedural Posture — Public-Entity-to-Public-Entity Demand

The City of Rivergate presents this demand as one public entity to another and is **exempt** from the Government Claims Act presentation requirements under Gov. Code § 905. This is a demand for reimbursement, not a § 910 claim, and no rejection or 6-month suit clock is triggered by the presentation or by any action or inaction of the District on it. The District has adopted no local presentation ordinance under Gov. Code § 935 that would purport to require the City to present a claim as a condition of suit.

Should the District decline to reimburse, the City reserves its rights to pursue civil action against the District within the ordinary three-year statute of limitations for injury to real property under Code of Civil Procedure § 338(b), together with any and all other rights and remedies available at law or in equity.

4. Payment Instructions

The City requests remittance of \$48,500.00 within thirty (30) days of the District’s receipt of this demand. Payment should be made payable to “City of Rivergate — Public Works Fund” and should reference Invoice No. RVG-PW-2026-00218 and City File No. RVG-CLM-2026-0007. For electronic payment or ACH instructions, the District may contact the Public Works Fiscal Office at (626) 555-0143. Please direct any questions regarding the itemization of repair costs to the Superintendent of the Street Lighting & Traffic Signals Division at the same number.

5. Enclosure

- Invoice No. RVG-PW-2026-00218, dated 02/01/2026 (Department of Public Works — Street Lighting & Traffic Signals Division), itemizing the \$48,500.00 cost of repair (Artifact A58).

Very truly yours,

Marguerite E. Sandoval
