These are the portions of my recorded statement of February 18, 2026 that I copied out and kept for my own file. This is not the full call -- just the parts I wanted on hand for myself. I received the complete transcript from ACTD's Risk & Claims office by mail after the call.

Excerpt 1 -- the night of the collision

Q: Can you tell me what you remember about that night?

A: I was standing at the stop on Main near Third, waiting for my bus, and I saw the Owl bus coming down Main faster than I'd expect. It looked like it drifted toward the curb, and then I saw it clip the light pole. That's the last clear thing I remember before I woke up at the hospital.

Excerpt 2 -- other passengers on the bus

Q: Do you recall anyone else being on the bus?

A: I couldn't say how many, no. I know there were a few people aboard, but I didn't know any of them and didn't get a good look that night.

Excerpt 3 -- how I'm doing now

Q: How are you feeling today?

A: Better. I'm walking with a cane, going to therapy three times a week for my leg and hip. The weeks right after are still foggy, but day to day I feel like myself again.

Kept for my own records. A complete copy of the transcript is in the ACTD claims file (GE-2026-0218-01) and was also mailed to me at the time.
