Re: ***Yolanda Reyes v. Alder Creek Transit District, et al.***

LASC Case No. 26STCV04127

Summary of Medical Liens and Amounts Paid/Accepted — Reyes Past Medical

Our File No.: HC-2026-0087

Bates Range: HC-REYES-002418 — HC-REYES-002461

Dear Ms. Vega:

At Ms. Halstead's direction, and in furtherance of the parties' ongoing settlement and damages discussions, this letter transmits a consolidated summary of the medical liens asserted against Ms. Reyes's third-party recovery and the amounts actually paid to or accepted by her treating providers as reimbursement in full satisfaction of the billed charges. The attached schedule and supporting EOBs are being produced with Bates numbers HC-REYES-002418 through HC-REYES-002461 and supplement the itemized chargemaster bills previously produced (HC-REYES-002051 — HC-REYES-002417).

The figures reported below are drawn exclusively from primary-source documentation — the provider itemized statements (UB-04 / CMS-1500), the Explanations of Benefits issued by California Department of Health Care Services (Medi-Cal fee-for-service and its managed-care delegate) and BlueShield of California HMO, and the DHCS Notice of Lien dated April 3, 2026 (as supplemented April 30, 2026). Copies of each underlying EOB, remittance advice, and the DHCS lien notice are enclosed at the tabs indicated.

1. Total Billed Medical Charges (Chargemaster)

Aggregate billed charges through the compilation date of June 12, 2026, across all nine treating providers of record for **Yolanda Reyes** (DOB 06/22/1991) for the treatment episode arising from the October 18, 2025 collision:

TOTAL BILLED: \$2,840,000.00

The full provider-by-provider breakdown is reflected in the itemized bill compilation produced previously (HC-REYES-002051 — HC-REYES-002417) and summarized in Column B of the enclosed EOB schedule. Charges reflect provider chargemaster rates as invoiced; those rates are set forth solely to identify the underlying services and are not offered as evidence of the reasonable value

of the care rendered. See *Howell v. Hamilton Meats & Provisions, Inc.* (2011) 52 Cal.4th 541; *Corenbaum v. Lampkin* (2013) 215 Cal.App.4th 1308.

2. Total Amounts Paid / Accepted (Howell-Recoverable)

The aggregate amount actually paid to, and accepted by, all providers in full satisfaction of the billed charges — inclusive of Medi-Cal fee-for-service remittances, BlueShield HMO payments on early emergency-department charges (subsequently reprocessed once Medi-Cal was established as retroactive primary payer effective the date of injury), and de minimis patient out-of-pocket copay/coinsurance — is:

TOTAL PAID / ACCEPTED (HOWELL-RECOVERABLE): \$196,000.00

Under *Howell* and its progeny, this figure — not the \$2,840,000.00 chargemaster total — is the measure of Ms. Reyes’s past medical special damages recoverable at trial. The provider-level allocation is set forth in the schedule attached hereto as Exhibit A; supporting EOBs are available on request.

3. Medi-Cal / DHCS Lien

The California Department of Health Care Services has asserted a statutory reimbursement lien pursuant to Welfare & Institutions Code § 14124.70 *et seq.* against any recovery Ms. Reyes obtains from the tortfeasor(s). The lien particulars are:

Item	Amount
DHCS Notice of Lien dated 04/03/2026 (as supplemented 04/30/2026)	\$196,000.00 asserted
Negotiated / reduced amount, per DHCS letter of 05/18/2026	\$142,000.00 recoverable by DHCS

The reduction reflects the parties’ good-faith allocation under *Arkansas Department of Health & Human Services v. Ahlborn* (2006) 547 U.S. 268, as codified for California Medi-Cal purposes at Welfare & Institutions Code § 14124.76, and accounts for the pro-rata share of the recovery attributable to categories other than past medical expenses (i.e., future care, loss of earning capacity, and general damages). DHCS’s countersigned reduction letter is available on request.

BlueShield of California HMO has confirmed that its initial-episode payments on the October 18–25, 2025 emergency-department claims were fully reversed and reprocessed when Medi-Cal coverage was established with retroactive effect to the date of injury, and BlueShield accordingly asserts **no** subrogation lien against the recovery. BlueShield’s zero-balance / no-lien confirmation is available on request.

No other health plan, ERISA plan, provider-hospital-lien claimant (Civil Code § 3045.1 *et seq.*), workers’ compensation carrier, Medicare Secondary Payer conditional-payment ledger, or TRICARE / VA claim has been identified as asserting a reimbursement or subrogation interest against Ms. Reyes’s recovery. Should any additional lien be asserted, we will supplement promptly.

4. Attached Schedule of EOBs by Provider

Exhibit A — Provider-Level Reconciliation of Billed, Adjusted, Paid, and Patient Responsibility

#	Provider	Billed	Contractual Adj. / Write-off	Paid / Accepted	Patient Resp.
1	Rivergate Regional Trauma Center	\$1,720,000.00	\$1,600,200.00	\$118,000.00	\$1,800.00
2	Alder Creek Neuro-Rehabilitation Institute	\$612,500.00	\$574,100.00	\$38,000.00	\$400.00
3	Sky Ridge HEMS, Inc. (air ambulance)	\$148,000.00	\$133,200.00	\$14,500.00	\$300.00
4	Rivergate Radiology Associates, P.C.	\$78,200.00	\$72,800.00	\$5,200.00	\$200.00
5	Pacific Coast Anesthesia Group, Inc.	\$96,400.00	\$89,900.00	\$6,400.00	\$100.00
6	Rivergate Neurosurgical Consultants, Inc.	\$67,500.00	\$62,900.00	\$4,500.00	\$100.00
7	Rivergate Trauma Surgery Group	\$58,300.00	\$54,350.00	\$3,900.00	\$50.00
8	Ashby Outpatient Physical Therapy	\$34,800.00	\$31,700.00	\$2,900.00	\$200.00
9	Rivergate Hospital-Based Consulting Physicians	\$24,300.00	\$21,650.00	\$2,600.00	\$50.00
	TOTALS	\$2,840,000.00	\$2,640,800.00	\$196,000.00	\$3,200.00

Notes to Exhibit A:

- **Paid / Accepted** reflects amounts actually remitted to and retained by the provider in full satisfaction of the billed charges. Where a provider received partial payment from more than one payer during a claim episode (e.g., BlueShield HMO on early ER charges, later reversed and reissued by Medi-Cal), the amount shown is the net post-reprocessing figure; the supporting EOB packet at the corresponding tab preserves the underlying transaction history.
- **Contractual Adjustment / Write-off** reflects the difference between chargemaster billed and the negotiated / statutory rate accepted by the provider, and is not recoverable from any source. See *Howell, supra*.
- **Patient Responsibility** reflects the aggregate copay / coinsurance actually paid by Ms. Reyes (or by her sister and temporary conservator, Marisela Reyes, during the 11/10/2025 – 02/05/2026 conservatorship) out of pocket. All patient-responsibility balances are documented as paid; no provider has a current outstanding patient-owed balance.
- Care remains ongoing at Ashby Outpatient Physical Therapy; the paid figure above reflects Explanations of Benefits issued through the date of this letter. Supplemental EOBs will be produced as issued.

6. Reservation

This transmittal is made in furtherance of settlement negotiations and is intended to cover Ms. Reyes's past medical charges and payer-side liens only. Nothing herein is intended as, or should be construed as, a stipulation to admissibility of the chargemaster figures, a waiver of any evidentiary objection under *Howell / Corenbaum*, or a concession as to the scope of any collateral-source reduction that may or may not be available to a public-entity defendant under Government Code § 985. Ms. Reyes reserves all rights with respect to past medical, future care, wage loss / loss of earning capacity, and general damages, each of which is addressed in separately produced expert materials.

Please direct any questions regarding the enclosed schedule, the underlying EOBs, or DHCS lien correspondence to me at the number below or by e-mail. Ms. Halstead is available to discuss further at your convenience.

Very truly yours,

HALSTEAD & CRUZ LLP
